## The Adirondack

Designed for outdoor use in high-traffic public areas, the Adirondack recycling container is available in a variety of color combinations and labeling options. This durable bin is completely customizable to your waste and recycling program. A galvanized steel structure (16-gauge for the base and cover) contains at least 25% recycled content and the recycled plastic slat siding offers durable construction and protection against the elements. This is the perfect bin for any outdoor application including; parks, campuses, playgrounds, schools, and golf courses.
