ARENA-X51 T R RBL

The ARENA 51 Series receptacles are ready to provide facilities with a stellar solution for the collection of waste and recycling. Designed for indoor or outdoor use, the ARENA 51 provides customers with an attractive, completely customizable receptacle that ensures a perfect fit for any facility; custom colors, custom logos or both – the ARENA 51 gets the job done!

FEATURES & BENEFITS

- Waste and Recycling receptacles feature generous 51 gallon capacity and a unique spiral perforation pattern
- Constructed of galvanized steel and available in black gloss or recycle blue gloss durable TGIC powder-coat finishes
- Each unit is available with no graphics, standard TRASH and RECYCLE graphics or your custom graphics.
- Colored panels behind the laser artwork serve to enhance the message/logo visibility
- Indoor aluminum dome top features a 12" opening for waste or recyclables
- Outdoor LLDPE hooded rain tops feature pass-through openings on two sides and are available in Black or Recycle Blue
- Non-stock and custom TGIC powder-coat finishes available for bodies and dome tops
- Security lanyard keeps lid attached to receptacle to help deter theft and vandalism
- Each unit includes a removable LLDPE liner, in either Black or Recycle Blue, that fits snugly over the edge of the receptacle. The liner base resin meets UL94 flammability standard
- Unit sits on 3 adjustable leveling glides.
- Outdoor units include an in-ground mounting kit
- Constructed using over 30% recycled material and 100% post-consumer recyclable
- Made in the USA
