

Add to your collection program without taking a large bite out of your budget with this reliable, affordably priced metal bin. The Denver is an admirable option for those looking for a dependable, economical collection bin to add to their program.

- Bag retention ring on liner restricts movement of bag helping to control the tidy cosmetic look of the bin
- Affordably priced allowing more bins to be added to your program while still remaining on budget
- Durable construction to withstand various climates
- Option to secure product to the ground to enhance security, comes with full opening
