

**Liquids Disposal** unit allows for safe and mess-free disposal of up to 10 gallons of liquids. With a clear visual message, it is easily placed in convenient locations prior to the point of entry into airport security/screening areas, stadiums, theaters, concert halls and other areas where outside liquids and beverages are not permitted.

- 16 gauge Stainless Steel Fabricated body all welded construction with seamless top
- Body features laser cut liquids disposal graphic with blue backing for clear visual signage
- Sink is 10.75" in diameter and 4.5" deep with a 1.5" drain that features a snap-in screen to prevent trash & non-liquids from entering the retention tank
- Rear access door allows for easy emptying of liquids and includes quarter turn latch closure
- Easy view 1.5" x 14" window for monitoring liquid level
- Each unit includes a leak proof 10 gallon removable LLDPE-FDA resin retention tank hidden inside the base unit. Retention tank features an 8" removable lid for easy cleaning, and 3/4" quick connect valve with 3/4" drain tube for convenient draining.
- Units ships with 4 heavy-duty 3" Casters for superior maneuverability. Casters installed easily upon receipt
- Replacement parts shown on the product page at [ex-cell.com](http://ex-cell.com)
- Contains over **60% recycled materials** and is **100% post-consumer recyclable**
- Made in the USA
