All metal, two-stream receptacles are perfect for any outdoor environment. Large capacity receptacle keeps waste and mixed recyclables separated with two unique openings and two half-moon liners. Commercial grade receptacle is designed to be used indoors or outdoors; and performs well in high traffic areas such as stadiums, parks, malls, campuses or any outdoor setting where large groups gather.

- Lid to base cable attachment keeps lid secured to base even when emptying
- Black and blue split lid with raised lettering, clearly identifies each opening as landfill or Recycling
- Convenient disposal for waste with a large 7.25" x 18" opening
- Mixed recycling opening encourages proper disposal; opening size – 5.5" x 13"
- Includes two removable, black powder-coated 22.5-gallon galvanized liners with built-in handles for easy lifting
- Bag clip holders secure trash liners in place to prevent bag slippage for hassle-free maintenance
- Receptacle base is constructed of heavy-gauge, fire safe vertical steel rails; unit offers extreme durability
- Weatherproof, powder-coated finish provides long service years
- Four ¾" rubber feet add stability and help prevent unit from being damaged by weather elements
- 2" decorative bands at the bottom, middle and top, add sophistication to this heavy duty receptacle
- Includes bolt-down hardware to protect your investment
- Made in China
- 1-year warranty

Made out of recycled steel

Product is ADA compliant

Includes bolt-down hardware
